DETAILED ACTION

Response to Amendment

In response to applicant's amendment received 2/21/06, all requested changes have been entered.

Allowable Subject Matter

Claims 9-11 are allowed.

The following is an examiner's statement of reasons for allowance: This case is allowable with the cancellation of previously rejected claims 1-8, leaving on the previously allowed claims 9-11. Regarding claims 9-11, the Examiner agrees with the arguments made. No prior art of record has been found to teach/suggest the determining of the height distributions of the upper, lower and surface of the book as stated in limitations 5 and 6 using the mentioned criteria of using the measured distance between the camera and the surface of the book, the extracted edge of the upper/lower ends of the book, and position of the camera relative to the surface of the book.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
